DELFINI DEL PONENTE POLICIES AND RULES

Delfini del Ponente (DDP) staff complies with the following rules and aims to create a work environment respectful of any difference without making any sexual, religious, or ethical discrimination or harassment. Each intern is expected to behave the same way, with respect to rules and availability to other's differences.

- **INSURANCE**

Participants are required to carry health insurance valid in the European Union. Remember to check if your insurance covers medical expenses in a foreign country. It is the intern's choice to decide what to cover, we suggest purchasing insurance that includes medical and emergency travel expenses, luggage and personal effects, money, personal accidents, personal liability, cancellation and curtailment, rescue and assistance and travel delay.

- **DATA POLICY**

All data, pictures and videos taken during our activities (Delfini del Ponente research project and whale watching tours) with DDP equipment and participants' own equipment are property of DDP. During our activity interns must follow the DDP staff directives on collecting data. It is not allowed to take pictures or videos without the permission of a DDP member. Publishing photos or videos collected during field activities is forbidden unless previously agreed with one of the DDP interns' coordinators.

- **DAY OFF**

Interns will have two days off per week. This schedule could be modified in case of bad/good weather. During time off, interns are solely responsible for their own safety and activities.

- **SMOKING, DRUG AND ALCOHOL POLICY**

Smoking is not allowed inside DDP facilities and on board the different boats used during surveys and tours. No alcohol abuse and use of any type of drugs is permitted during any programme activities and CB properties. Illegal drugs are defined by Italian laws.

- **LOCAL LAWS**

DDP supports and complies with all local laws. Any violation of a local law will result in a disciplinary procedure and in addition, may subject participants to local penalties such as fines, arrest or deportation.

- **USE AND DAMAGE OF DDP EQUIPMENT**

Interns are responsible for DDP equipment used during every field and on-land activity. In case of damage or loss, the person responsible will be charged the amount of the broken/lost equipment.

- Weather is unpredictable, and interns are expected to be aware of the possibility of fewer field activities in case of bad sea or weather conditions. The schedule will be therefore very flexible and there will not be any reimbursement in case of impossibility to go out at sea. DDP staff will do their best to help participants enjoy their stay and get the most out of it, knowledge and experience-wise.

QUESTIONARY

PHYSICAL/PSYCHOLOGICAL DEMANDS

Participants must be of good health, be able to stay several hours on a boat and often under the sun, have good physical fitness, be able to lift/carry 15 kg, be able to walk without difficulty, be comfortable on boats in nearshore/offshore waters, able to swim and work in harsh weather conditions at times.

Do you have any health conditions that might impact your ability to do fieldwork?

Do you feel seasick?

Do you have any problem staying for several hours in a small place with the same people?
